ABDUL MAJEED, A. *see* Krishnan, B. ... 466
ABOU ZEID, ABOU ZEID A. : Antimicrobial action of salicylanilide 160
Absorption : Hydrogen absorption by cold rolled steel in inhibited sulphuric acid ... 237
Absorption spectra : Determination of dissolved sulphur in hydrocarbon solvents by UV absorption spectra 343
ABU NAYEEM, E. R. : Domestic fuel from non-caking Indian coals : Part II—Modification of domestic *sigree* for the combustion of char fines or like materials of 6-20 mm size range 423
Acetic acid : 2-Mercaptobenzothiazole as a corrosion inhibitor for copper, brass & aluminium in halogen substituted acetic acid 73
Acetoacetanilide : Spectrophotometric determination of vanadium in steel with acetoacetanilide 76
[3-(α-Acetonylbenzyl)-4-hydroxycoumarin] : Studies in the synthesis of warfarin [3-(α-acetonylbenzyl)-4-hydroxycoumarin] 461
ACHARI, J. *see* Sen Gupta, S. K. ... 158
ACHARYYA, K. K *see* Sen Gupta, S. K. ... 158
ACHAYA, K. T. : *see* Harkishan Singh ... 115
Activation analysis by photoneutron counting 218
Activation analysis with a Pu-Be neutron source 80
Adduct formation : Process studies on adduct formation with solid urea 301
ADHIKARI, M. : Surface properties of some Indian clay minerals 413
Adsorbed vapour : Equations of state for adsorbed vapour 358
Aflatoxin : Distribution of aflatoxin in the various fractions separated from groundnut meal 395
AGARWAL, S. C. : Boiling heat transfer in single vertical tube evaporator ... 299
AGGARWALA, A. K. *see* Tripathi, G. ... 16
AGRAWAL, B. B. : Trace metals in crude oils from Assam oilfield, India 117
AGRAWAL, D. P. *see* Abu Nayeem, E. R. ... 423
ALAM, S. S. : Heat transfer studies in pool boiling of subcooled liquid on a horizontal cylinder 172
Alcohol dehydration : Alumina catalyst for alcohol dehydration 463
Alcohol insolubles : Correlation of specific heat, flow behaviour & hot alcohol insolubles with age of seedlac 243
Aldehyde oxidation products : Gas chromatographic analysis of aldehyde oxidation products 183
ALI, S. Z. *see* Bhawalkar, R. H. ... 388
Aliphatic ketones as corrosion inhibitors for aluminium-65S hydrochloric acid ... 69
Alkali metal bromides : Preparation of alkali metal bromides from iron bromide using ion-exchange technique 202
Preparation of hydrobromic acid from alkali metal bromides using ion-exchange technique 92
Alloys : Phase transformation in electrolytic alloys with special reference to Cu-Sn system 123
Studies on the kinetics of formation of a 2 : 3 cobalt-nickel alloy by Co_4S_3-NIO reaction under reduced pressure ... 340
Stress corrosion cracking of 60/40 Cu-Zn alloy in citrate solution 322
Spectrographic analysis of ALNICO magnet alloys 380
ALNICO magnet alloys : Spectrographic analysis of ALNICO magnet alloys ... 380
Alum : Preparation of ammonium bromide & iron alum using ion-exchange technique ... 467
Alumina catalyst for alcohol dehydration ... 463
Aluminium : Influence of some cation-citrate combinations on the corrosion & anodic behaviour of aluminium in sodium hydroxide solution 65
2-Mercaptobenzothiazole as a corrosion inhibitor for copper, brass & aluminium in halogen substituted acetic acid ... 73
Aluminium-2S : *Ortho*-substituted anilines as corrosion inhibitors for aluminium-2S in hydrochloric acid 71
Aluminium-65S : Aliphatic ketones as corrosion inhibitors for aluminium-65S in hydrochloric acid 69
Aluminothermic reduction : Studies on the aluminothermic reduction of lead concentrates 109
AMAR, V. K. *see* Bhuchar, V. M. ... 433
AMBA-RAO, C. L. *see* Shastry, B. P. ... 241
AMIR ALI, Md : *see* Sarma, P. K. ... 179
AMMAR, M. M. *see* El-Azmirly, M. A. ... 103
Ammonium bromide : Preparation of ammonium bromide & iron alum using ion-exchange technique 467
Andeyev's eyepieces : Study of demerit values of Andeyev's eyepieces 99
Anilines : *Ortho*-substituted anilines as corrosion inhibitors for aluminium-2S in hydrochloric acid 71
Anion-exchange resin : Use of weak base anion-exchange resin for absorption of hydrobromic acid 157
Annular fluidized beds : Transfer rates at the inner wall of annular fluidized beds ... 163
Anodic behaviour : Influence of some cation-citrate combinations on the corrosion & anodic behaviour of aluminium in sodium hydroxide solution 65
Anthracene : Pilot plant production of anthraquinone by fluid bed catalytic vapour-phase oxidation of anthracene ... 346
Anthraquinone : Pilot plant production of anthraquinone by fluid bed catalytic vapour-phase oxidation of anthracene ... 346

BANSAL, G. D. *see* Maitreya, V. K. ... 200
BASAPPA, S. C. : Distribution of aflatoxin in the various fractions separated from groundnut meal 395
BASU, AMITA : Studies on simultaneous evaporation & oxidation of ferric chloride hexahydrate 119
BASU, P. : A simplified method of evaluation of normal burning velocity of a premixed gaseous mixture 215
BAXI, D. R. *see* Lad, K. V. 224
Benzoic acid : Esterification of methanol with benzoic acid catalyzed by cation-exchange resin 221
Benzyl chloride : Quantitative determination of trace amounts of benzylidene chloride in benzyl chloride by GLC 203
Benzylidene chloride : Quantitative determination of trace amounts of benzylidene chloride in benzyl chloride by GLC ... 203
BHATTACHARYA, PROMODE R. *see* Rahman, A. 243
BHATTACHARYYA, B. : Flowgraph considerations in the transient analysis of electrical machines 43
BATTACHARYYA, DEBESH : Calculation of extrusion pressure considering strain rate effect 249
BHATTACHARYYA, J. : Investigation of box type machine tool structure under static load 325
BHAWALKAR, R. H. : Estimation of calcium in zinc-manganese ferrites by the X-ray fluoresence method 388
BHIMESWARA RAO, PALURI *see* Subramanian, Ramaswamy 400
BHOWMIK, T. K. *see* Nandi, G. C. ... 346
BHUCHAR, V. M. : Determination of nitrites with α-thiolacetic acid 433
Bismuth-containing malleable irons : Effect of trace elements on the kinetics of malleabilization & mechanical properties of bismuth-containing malleable irons ... 285

PAGE

BISWAS, G. K. : Studies on coal gasification with oxygen & steam 313
BOHRA, J. N. : Estimation of surface area from the non-linear Harkins & Jura isotherm 39
BOSE, (Miss) BHARATI : Action of hydrogen chloride on groundnut shell pulp & cotton cellulose 278
BOSE, J. L. *see* Bose, (Miss) Bharati ... 278
see Joshi, C. G. 461
Boundary layer : Mass transfer through the axially symmetric boundary layer on a moving circular cylinder 166
Boundary layer model : A three-dimensional boundary layer model for flow past spheres 176
BRAHMIN, BALRAM *see* Agarwal, S. C. ... 299
Brass : 2-Mercaptobenzothiazole as a corrosion inhibitor for copper, brass & aluminium in halogen substituted acetic acid ... 73
Bromides : Preparation of alkali metal bromides from iron bromide using ion-exchange technique 202
Preparation of hydrobromic acid from alkali metal bromides using ion-exchange technique 92
Preparation of hydrobromic acid from iron bromides using ion-exchange technique ... 95
BUCH, R. A. : Batchwise desalting of sea water by electrodialysis technique ... 83
Burning velocity : A simplified method of evaluation of normal burning velocity of a premixed gaseous mixture 215

CALCIUM : Estimation of calcium in zinc-manganese ferrites by the X-ray fluorescence method 388
Calcium phosphate : A solid state reaction between urea nitrate & calcium phosphate 408
ε-Caprolactam : Comparison of the effectiveness of some activators of anionic polymerization of ε-caprolactam by thermal method 103
Carbonaceous materials : A study of the electrical resistivity of chemical coke & other heat-treated carbonaceous materials 404
Catalysts : Alumina catalyst for alcohol dehydration 463
DTA studies on pure & doped zinc oxide catalysts 432
Kinetics of esterification of oleic acid with isobutyl alcohol using sulphuric acid as catalyst 400
Catalyst system : Polymerization of isoprene by metal acetylacetonate-$AlEt_3$ catalyst system 107
Cation-citrate combinations : Influence of some cation-citrate combinations on the corrosion & anodic behaviour of aluminium in sodium hydroxide solution ... 65
Cation-exchange resin : Esterification of methanol with benzoic acid catalyzed by cation-exchange resin 221
Cellulose : Action of hydrogen chloride on groundnut shell pulp & cotton cellulose ... 278
CHAKRABORTY, M. *see* Nandi, G. C. ... 346
CHAKRAVARTY, R. K. *see* Bhattacharyya, J. 325

Chalcopyrite : Flotation of chalcopyrite with dialkyldithiocarbamates 33
CHANDA, B. C. *see* Biswas, G. K. ... 313
CHANDRASEKHARA SWAMY, N. V. : Three-dimensional nature of turbulent wall jets ... 255
CHANDRASEKHARAIAH, M. N. *see* Singh, S. C. 29
Char fines : Domestic fuel from non-caking Indian coals : Part II—Modification of domestic *sigree* for the combustion of char fines or like materials of 6-20 mm size range 423
CHATTERJEE, A. B. *see* Bhattacharyya, J. ... 325
CHAWLA, AMRIK SINGH *see* Harkishan Singh 115
Chemical coke : A study of the electrical resistivity of chemical coke & other heat-treated carbonaceous materials ... 404
CHESTI, A R. : Studies on the aluminothermic reduction of lead concentrates ... 109
CHIRANJIVI, C. : Experimental heat transfer studies in ducts of rectangular cross-section Heat transfer with phase change in a trapezoidal channel ... 22
Circular cylinder : Mass transfer through the axially symmetric boundary layer on a moving circular cylinder 166
Citrate solution : Stress corrosion cracking of 60/40 Cu-Zn alloy in citrate solution ... 322
Clay minerals : Surface properties of some Indian clay minerals 413
Coals : Coking value & its application for characterizing Indian coals 355
Domestic fuel from non-caking Indian coals : Part II—Modification of domestic *sigree* for the combustion of char fines or like materials of 6-20 mm size range ... 423
Pyrogenic water of coal & its relation with the properties of coal 350
Coal gasification : Studies on coal gasification with oxygen & steam ... 313
Cobalt-nickel alloy : Studies on the kinetics of formation of a 2 : 3 cobalt-nickel alloy by Co_4S_3-NiO reaction under reduced pressure 340
Coccinia : Influence of fungicidal wax emulsion with or without growth regulators on the storage behaviour of coccinia (*Coccinia indica* Wight & Arn.) 416
Coke : A study of the electrical resistivity of chemical coke & other heat-treated carbonaceous materials 404
Coking value & its application for characterizing Indian coals 355
Combustion : Domestic fuel from non-caking Indian coals : Part II—Modification of domestic *sigree* for the combustion of char fines or like materials of 6-20 mm size range 423
Condensation : Dropwise condensation of steam on chrome-plated vertical copper surface 205
Film condensation of saturated steam on a horizontal tube ... 370
Copper : Influence of phenols on the corrosion of copper in dichloroacetic acid solution 469
2-Mercaptobenzothiazole as a corrosion inhibitor for copper, brass & aluminium in halogen substituted acetic acid ... 73
Sulphur-containing heterocyclic compounds as corrosion inhibitors for copper in acidic media 391
Copper surface : Dropwise condensation of steam on chrome-plated vertical copper surface 205
Corrosion : Influence of phenols on the corrosion of copper in dichloroacetic acid solution 469
Influence of some cation-citrate combinations on the corrosion & anodic behaviour of aluminium in sodium hydroxide solution 65
Corrosion cracking : Stress corrosion cracking of 60/40 Cu-Zn alloy in citrate solution 322
Corrosion inhibitors : Aliphatic ketones as corrosion inhibitors for aluminium 65S in hydrochloric acid 69
Ortho-substituted anilines as corrosion inhibitors for aluminium-2S in hydrochloric acid 71
2-Mercaptobenzo-thiazole as a corrosion inhibitor for copper, brass & aluminium in halogen substituted acetic acid ... 73
Sulphur-containing heterocyclic compounds as corrosion inhibitors for copper in acidic media ... 391
Co_4S_3-NiO : Studies on the kinetics of formation of a 2:3 cobalt-nickel alloy by Co_4S_3-NiO reaction under reduced pressure ... 340
Cotton : Studies on steam-cure finishing of cotton : Comparison with related finishes 272
Cotton cellulose : Action of hydrogen chloride on groundnut shell pulp & cotton cellulose 278
Crude oil : Production of individual aromatic hydrocarbons by catalytic reforming of naphtha fractions from Nahorkatiya crude oil 318
Trace metals in crude oils from Assam oilfield, India 117
Cu-Sn system : Phase transformation in electrolytic alloys with special reference to Cu-Sn system 123
Cu-Zn alloy : Stress corrosion cracking of 60/40 alloy in citrate solution ... 322
Cylinder : Mass transfer through the axially symmetric boundary layer on a moving circular cylinder 166
Cylindrical processing vessel : Design considerations of a horizontal cylindrical processing vessel subjected to uniform external pressure & internal concentrated loads ... 49
